## **DETAILED ACTION**

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

## Claim Rejections - 35 USC § 103

Claims 28-35 are rejected under 35 U.S.C. 103(a) as being unpatentable over Weaver et al. and Gavrilenko et al. taken with Kats et al.

Applicant argues that Weaver teaches away from the use of lysozyme alone as an agent to treat pneumonia, but applicants claims are not limited to such a condition since the claims use the word, "comprises" which allows for other components to be in the method as claimed.

Thus, the references meet the claimed invention and the rejection is proper and maintained.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
